Normal check in "desk" will be open – albeit on the patio or from the back of a car. For Covid protection, please make sure you arrive only around your start time, not lingering around the "desk", and please enter your scores (**straight after finishing**) on the computer as normal to minimise congestion and then leave your card in the wooden box.

Membership

The list of members shows several members from previous years are not continuing, but equally there are around 25 or so new members who are most welcome. We look forward to seeing them in comps and matches. Overall, there are still around 185 seniors.

It is good to see that several members who have been poorly are able to come and play again. Just 2 examples are John Hearsey and Roger Greatwood. Also, Keith Simmons continues to improve after his recent dramatic heart attack at the course.

Members wanting to **check their handicaps** can use the electronic scoreboard just outside the pro shop. Tap in your name and it should show your HANDICAP INDEX which is then converted to your WGC playing h/cap on the board by the first tee.
